1. Ted, healing is coming to My body—healing is coming to My body—from My body, to My body, through My body—all from Me. You stated in your book that you wrote in 2000, miracles will be common place, at the hand of the common man and woman. And Ted, that's right. Healing is not reserved to come through the hands, the being, of one in authority—perceived authority—but to come through My body to My body, applying Me to Mine in Mine, all around My Mine.

2. Healing is so misunderstood and ignored in My body—so much, for My body. I am healing My body like never before and I am healing My body through My body, not institutions or representatives claiming special powers. I am healing My body through My body and Ted, I'm doing it now, now, now, through every one that will let Me. Will you let Me? Will you? Will you let Me flow My divine nature through you for the millisecond of the nanosecond that goes from Me through Mine to Mine? You can stop Me so easily when I desire to touch so many through you, because I choose to operate through those who let Me.

3. Ted, how did I heal, how did I heal? I spoke—sometimes. I touched—sometimes. I spit and made mud and spread it on eyes, I drew lines in the sand, I walked into places, and Ted, I walked out of places, and I healed, healed, healed. I healed as I saw and heard My father heal. I did it. I did it. We did it. Ted, we did it. We did it together, just like I want to do it together with you, and oh great hearer, and oh great listener—great, great, great—great because they grasp one more of My desires of what I'm doing and how I'm doing it.

4. I'm withholding nothing from My Mine who want to know all of Me intimately. I am moving and I am calling and I am touching and healing and revealing Myself more than ever before. And just like you told Amy the other day, I will reveal Myself more and more, at an accelerating pace, in revelation, truth, Truth Ted, in knowledge, wisdom, and understanding, allowing the experiencing of the Truth that's becoming true truth to those who want Me.

5. Share your charts and graphs and presentations make to My Mine, using all the tools I give you, all the tools you have and all that come to you. Technology comes, help matures and creates and creates of Me and displays My creativity.

6. Power, power Ted, power is coming to My people, My people, all of My people, all of My people that can handle My power and not try to control Me, and operate with Me in integrity and meekness.

7. So many who begin to have much of My power, letting Me flow through them in beginning degrees, so quickly want to maintain face before people and do all sorts of

things to maintain and grow a following, a following, a following to themselves. Oh for the surrendered soul of meekness.

8. Where is meekness personified? Who is meekness personified? I, I alone, am meekness personified. I am meekness. I am meek and lowly, a man of sorrows acquainted with grief. Ted, where are those, those who are meek, meek and lowly, who know sorrows and are acquainted with grief, who are simply my instruments of Me, and live to hear Me and see Me and heal those they see Me heal.

9. I am not random. I am not impulsive. I am sometimes spontaneous but Ted, I have My design, I have My order, I have My ways. Oh Ted, please let Me heal through you. Please let Me make Myself known to you fully, fully, so much more fully and not limit Me to just what you know Me in now. Oh Ted, more, more, more, so much more I am, I am, I am, and so much more I want to do through you, for Ted, you will not usurp the glory, you will not usurp the praise, you will not usurp the funds which flow to you now, even now, for what you are about to do, for Me, for My people, for My making Myself known in such accelerating ways, making use of technologies that My people have ignored, ignored, ignored in their ignorance.

10. Oh Ted, so much more, so much more, so much more, but Ted, not for those who want Me so they can control Me. They cannot heal on demand. They do not demand of Me. Why would I want to heal through the arrogant? I want to heal through those that look like Me, talk like Me, and operate according to My principles, precepts, valuing relationship with Me over all the accolades of man, power, glory, position, influence, and Ted, things inferior to Me, so inferior to Me, to Me and what I want to give to those who will let Me.

11. Ted, power, power, power. Ted, power, power, power. Ted, power is coming to you. Power is coming to My people. Power is coming to the powerable, the powerable, those who will walk in My power and “use My power”—simply letting Me flow through you, and them, to Mine.

12. Grandeur, splendor, abundance, over-abundance, and Ted, sometimes opulence. Am I limited? Am I stingy? Oh laugh Ted, laugh at the absurdity of how My body limits Me. Laugh, laugh, and cry, cry for them. Intercede more for My body to let Me flow through My willing and obedient, in meekness, and immense power, in meekness.

13. Ted, study My healing in My Word, My Word, My Word, so that I can reveal deeply what I want to do, and your foundation is laid well to receive My words further to you on this, on this, in this, of this—healing, healing, healing.

14. Thank you Ted.
15. Thank you believer in Me.
Thank you non-limiter of Me.
Thank you Me-seeker.
Thank you My Mine.
Thank you.

Thank you very much.
Thank you.
